PART C CLAUSES

PART C
CONTRACT CLAUSES, SPECIAL PROVISIONS AND ADDENDUM

C.1 52.212-4 -- Contract Terms and Conditions - Commercial Items, (Oct. 2003)

In accordance with FAR 12.302, Tailoring of Provisions and Clauses for the Acquisition of Commercial Items, FAR Clause 52.212-4 is tailored as follows to reflect special contract terms and conditions that are unique for this contract. This tailored clause supersedes the version of FAR Clause 52.212-4.

(a) Inspection/Acceptance. Supplies or services delivered under this contract shall be inspected and accepted by the Contracting Officer's Representative (COR) or a representative designated in the individual orders. The contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or re-performance of nonconforming services at no increase in contract price. Additional inspection and acceptance requirements may be specified in individual orders. The Government must exercise its post-acceptance rights --

1. Within a reasonable time after the defect was discovered or should have been discovered; and
2. Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C.3727). However, when a third party makes payment (e.g., use of the Government wide commercial purchase card), the contractor may not assign its rights to receive payment under this contract.

(c) Changes.

1. The Government reserves the right to issue unilateral modifications to effect administrative changes to orders. Further, the Procuring Contracting Officer (PCO) may issue unilateral modifications to effect administrative changes to the contract. All other changes in the terms and conditions of this contract may be made only by the PCO through written agreement of the parties.

2. If the Government issues a Request for Proposal (RFP) for a technology change or any other type of change to the contract, the contractor shall submit a proposal within 30 calendar days of RFP date, unless the RFP specifies a later RFP due date. Regardless of which party initiates a proposed contract change, should the Government request supplemental information to analyze the contractor's proposal, the contractor shall provide the additional information within 7 calendar days of the request, unless the Government's request specifies a later due date.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C.601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, and unusually severe weather. The contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

1. The contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include --

a. Name and address of the contractor;

b. Invoice date and number;

c. Contract number, contract line item number and, if applicable, the order number;

d. Description, quantity, unit of measure, unit price and extended price of the items delivered;

e. Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

f. Terms of any discount for prompt payment offered;

g. Name and address of official to whom payment is to be sent;

h. Name, title, and phone number of person to notify in event of defective invoice; and

i. Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

j. Electronic funds transfer (EFT) banking information.

(1) The contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(2) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer -- Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer -- Other Than Central Contractor Registration), or applicable agency procedures.

(3) EFT banking information is not required if the Government waived the requirement to pay by EFT.

2. Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C.3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) Patent indemnity. The contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any

United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C.3903) and OMB prompt payment regulations at 5 CFR part 1315. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. Subject to the terms of this contract, the contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the contractor's records. The contractor shall not be paid for any work performed or costs incurred, which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the contractor, or if the contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the contractor for any amount for supplies or services not accepted, or for any portion of the contract minimum guaranteed amount remaining at the time of termination, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract (Parts C.2 and D.1).

(p) Limitation of liability. Except as otherwise provided by an express warranty, the contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The contractor agrees to comply with 31 U.S.C.1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C.431 relating to officials not to benefit; 40 U.S.C.327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C.51-58, Anti-Kickback Act of 1986; 41 U.S.C.265 and 10 U.S.C.2409 relating to whistleblower protections; 49 U.S.C.40118, Fly American; and 41 U.S.C.423 relating to procurement integrity.

To remain registered in the CCR database after the initial registration, the contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. 3. The contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). 5. In addition to any other data that may be called for in the contract, the following information shall be specified in each order as applicable:

a. Date of order;

b. Contract and order number (Note: Order numbering shall be in accordance with DFARS 204.7004 – Only the issuing office (ITEC4) is authorized to use the numbers 0001-9999). Contractors placing orders pursuant to FAR 51 authorization may use their own order numbers in accordance with their standard ordering formats, as long as their order numbers are not duplicative of Government order numbers assigned in accordance with this paragraph;

When the contractor submits a request for payment, DFAS will compare the request for payment of CLIN/SLINs with the order CLIN/SLINs. Use of item numbers other than CLINs/SLINs in the “Item No.” block on the order form may result in payment delays and excessive administrative costs to both the Contractor and the Government).

7. Issuance of an order shall be defined as the date the order is awarded (see also Delivery Requirements in Part B.3)

(k) Contract Authority

1. Contracting Officer's Authority. The Contracting Officer is the only person authorized to direct changes in any of the requirements under this contract, and, notwithstanding any provisions contained elsewhere in this contract, said authority remains solely in the Contracting Officer. In the event the contractor effects any such change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and solely at the risk of the contractor.

2. Ordering Contracting Officers within the Army, Department of Defense, and other Federal agencies are authorized to place orders within the terms of this contract and within the extent of their authority. They are not authorized to make changes to the contract terms. The Ordering Contracting Officers' authority is limited to the individual orders.

3. Contractor's Authority.

a. The contractor shall not accept any instructions issued by any person employed by the U.S. Government or otherwise, other than the Contracting Officer, or the Contracting Officer's Representative (COR) acting within the limits of his or her authority.

b. The contractor shall not in any way represent that he is a part of the U. S. Government or that he has the authority to contract or procure supplies for the account of the United States of America.

(l) Contract Administration. Notwithstanding the contractor's responsibility for total management during the performance of this contract, the administration of the contract requires maximum coordination between the Government and the contractor. The following individuals will be the Government points of contact during the performance of the contract:

1. Contracting Officer (KO). All contract administration will be effected by the Contracting Officer. Communications pertaining to contractual administrative matters shall be addressed to the KO. No changes in or deviation from the terms and conditions shall be effected without a written modification to the contract executed by the KO authorizing such changes.

2. Contracting Officer's Representative. The Contracting Officer shall designate a contract level Contracting Officer's Representatives (CORs) during the term of this contract in accordance with Part C.2, DFARS clause 252.201-7000 “Contracting Officer’s Representative”. COR will provide assistance in identification and resolution of problems, conflicts in priority, subtask requirement definitions, and other operations type problems.

3. Order Contracting Officer’s Representative. The Ordering Contracting Officer may designate individuals to act as Order Contracting Officer’s Representative (COR) under any resultant delivery order. Order CORs may provide technical guidance in direction of the work, but they will not be authorized to change any of the terms and conditions of the contract or order. Order CORs will be designated by a letter of appointment from the Ordering Contracting Officer.

(m) Government-wide Purchase Card. The following describes the procedures to be used for ordering items under this contract by using the Federal Government-wide purchase card. This option to order by use of the Government-wide purchase card is strictly an alternative method of ordering by the Government and may be used in place of ordering by other order forms that comply with FAR 12.204. The Government reserves the right to unilaterally terminate the use of the credit card at any time.

1. All ordering offices may use the Government-wide purchase card, commonly referred to as the Government "credit card," as an alternative method of ordering and paying for purchases made under this contract. Purchase card orders are subject to all terms and conditions of this contract, unless otherwise stated in this provision or another provision in this contract.

2. The purchase card is specifically designed for use by the Federal Government. The purchase card is like a typical commercial credit card. However, the authorization limitations of the purchase card are more specific, i.e., only for a particular contract, monthly limitations, certain categories of products or services, etc. The purchase card will be exclusively used for official Government purchases in accordance with the prices, terms, and conditions of this contract. The purchase card order limitation shall be the micro-purchase threshold in-effect in the Federal Acquisition Regulation (FAR), Part 13, on the date the order is placed by an authorized cardholder. With respect to ordering authority, any authorized user of this contract who is an appointed, recognized Government-wide Purchase Card holder may use the purchase card as a means of purchasing items on this contract. For purchase card orders only, this waives the requirement for use of other forms that comply with FAR 12.204. All appointed, recognized Government-wide Purchase Card holders are subject to and responsible for complying with all the rules, regulations, and limits that come with his/her purchase card.

3. Credit limits for the purchase card are dictated by each using activity major command. These credit limits for the purchase card are the responsibility of the credit card holder and the approving office.

4. The contractor shall accept firm-fixed-price credit card orders under the contract made by use of an authorized purchase card.

5. For purchase card orders only, the warranty begins on the day the order is shipped.

(n) Warranty.

1. The focal point for all warranty support shall be the contractor.

2. Software Warranty. Under the basic warranty, the responsibility of the contractor is as follows. The contractor shall provide the latest release of the software and documentation throughout the warranty period unless rejected by the Government. As software updates/upgrades (e.g. bug fixes, new features, enhancements, etc.) become available to commercial customers, the contractor shall provide to the Government one copy of the changed software (with documentation) for each affected software item previously accepted by the Government. The software changes covered by the warranty are further defined as any software products and documentation which are provided for any other customer free of charge or which the software manufacturer does not consider a new product. Such changes to software or documentation (including packaging and shipping) shall be at no additional cost to the Government.

3. Warranty Coverage Period. The warranty period will commence upon date of delivery to the Government. The warranty period shall commence upon the receipt of equipment at the original Government delivery site for worldwide shipments. User receipt of an item that is inoperable upon delivery shall be resolved in accordance with the warranty provisions of the contract.

(o) Security Requirement

1. (aa) Logistic Support (Overseas Locations Only)

1. Upon the contractor's request, the Government may provide logistical support to U.S. citizen contractor personnel and their dependents. The Government, in accordance with applicable regulations and controlling provisions of the intergovernmental agreement, and subject to the individual capability or limitation of the installation concerned and the approval of the installation commander, may make available within the overseas theater the following items of logistical support: Bachelor Officers Quarters (BOQ) on a space available basis; emergency and routine medical care; emergency dental care; transportation; banking privileges; auto licensing; Petroleum, Oil and Lubricants (POL); school facilities (Priority II - space available, tuition paying basis); PX and Commissary privileges; open mess; postal service; and APO and club privileges.

2. It is agreed that the withdrawal of the invited contractor or technical representation status or any of the privileges associated therewith by the U.S. Government, shall not constitute grounds for excusable delay by the contractor in the performance of the contract, nor shall it justify or excuse the contractor defaulting in the performance of this contract; and such withdrawal shall not serve as a basis for the filing of any claims against the U.S. Government. Except, if the cause of the removal of logistical support is a result of the terms and conditions of the respective order, then the Government will be required to evaluate the situation and allow for any revisions, if feasible, to the requirements of the order. Under no circumstances will the withdrawal of such status or privileges be considered or construed as a breach of contract by the U.S. Government. The determination to withdraw the

status of privileges by the Contracting Officer or other such competent U.S. Officer, will be final and binding upon the parties unless it is patently arbitrary, capricious and lacking in good faith.

3. Conduct of Contractor Personnel: If the Contracting Officer finds it to be in the best interest of the Government, within the foreign environment in which the contractor will be performing outside the limits of the United States and its possessions, he may at any time during the performance of this contract order the contractor to remove any of his personnel from further performance under this contract for reasons of their moral character, unethical conduct, security reasons, and for violation of installation regulations. In the event that it becomes necessary to replace any contractor personnel for any of the above reasons, the contractor shall bear all costs associated with such removal including the costs for the replacement of any personnel so removed. The contractor or contractor personnel shall be responsible for the return of all logistical support items (i.e., ID cards, ration cards, POV tags and registration, POV and GOV operator's licenses, etc.) prior to departure from an overseas area of operation.
