SUMMARY OF CHANGES

SECTION C - DESCRIPTIONS AND SPECIFICATIONS

The following have been modified:

BPA TERMS AND CONDITIONS

To better serve Oracle software users throughout the Army and all Federal Agencies covered by Smart Buy, and to promote administrative efficiency, ACA-ITEC4 has restructured the original DEAL-O blanket purchase agreement DAAB15-99-A-1002. Oracle Corporation was the original holder of this BPA, and by modification its resellers Mythics and DLT Solutions, Inc., were added to Oracle's BPA. In the present action, the two resellers have been removed from the DEAL-O BPA, and new separate BPAs have been established for them. . Effective with this modification, Oracle is the sole holder of DEAL-O BPA DAAB15-99-A-1002 for the purpose of issuing new orders.

TERMS AND CONDITIONS: Aside from administrative items, the Terms and Conditions for all DEAL-O BPAs are the same as before the restructure. Where appropriate and in accordance with current competition policies and guidelines. Orders for Oracle software products/services should be competed among the DEAL-O BPA holders Oracle, Mythics and DLT Solutions unless they decline.

PERFORMANCE/PAYMENT OF EXISTING ORDERS: Until they expire, orders previously issued against BPA DAAB15-99-A-1002 (including options) shall continue to be fulfilled by the vendor to whom the order was issued. Payment on these existing orders shall be made to the vendor to whom the order was issued.

Activities placing orders after 15 June 2006 will be required to place orders using the applicable blanket purchase agreement.

**Blanket Purchase Agreement
DoD Enterprise Software Agreement (ESA)**

In the spirit of the Federal Acquisition Streamlining Act, the Department of Defense (DoD) and Mythics USA, Inc. wish to enter into a Blanket Purchase Agreement ("BPA") aimed at reducing the administrative costs of acquiring Oracle commercial items under the General Service Administration (GSA) Federal Supply Schedule (FSS) Program.

Federal Supply Schedule Contract Blanket Purchase Agreements (BPA) reduce contracting and open market costs such as: search for sources, the development of technical documents, solicitations, and the evaluation of bids and offers.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

The Enterprise Software Initiative (ESI) is a joint DoD project to develop and implement a DoD enterprise process. This BPA is issued in the spirit of the policy and guidelines provided in the Defense Federal Acquisition Regulation Supplement (DFARS) Section 208.74.

This BPA has been designated as a DoD ESI and GSA SmartBUY Contract, which is open to all U.S. Executive Agencies (as defined in 48 CFR 2.1), including the DoD and authorized contractors, except as restricted herein. Mythics acknowledges that the GSA and OMB have indicated their intent to issue regulations that make this BPA a mandatory source of Oracle products for agencies of the federal government. This understanding will be conveyed to all of Mythics' assigned federal license sales personnel, pursuant to Section E.6. of this BPA.

The Army Contracting Agency - Information Technology, E-Commerce, and Commercial Contracting Center (ITEC4) has entered into this and similar BPAs on behalf of the Assistant Project Manager Army Small Computer Program (APM-ASCP) with DLT Solutions, Inc. (DLT) and Oracle USA, Inc. (Oracle) These BPAs are issued to provide the Department of Defense (DoD) database software licenses, software maintenance support, training and consulting services in support of the Department of Defense's mission. Mythics shall serve as the prime contractor under this BPA and orders shall be issued directly to Mythics pursuant to Mythics's GSA Schedule GS-35F-0153M ("Mythics' GSA Contract").

The Government and Mythics understand and agree that changes will need to be made from time to time to this BPA. Oracle and DoD ESI will continue to endeavor to negotiate DOD ESI / SmartBUY Ts&Cs for Oracle Products and Oracle shall be required to provide a copy of its BPA to Mythics so that Mythics may determine the extent to which such changes may apply to their BPA.

SmartBuy Mandatory Channel-Oracle acknowledges that the GSA and OMB have indicated their intent to issue regulations that make this BPA a mandatory source of Oracle products for agencies of the Federal Government.

This BPA and all orders hereunder are subject to the following terms and conditions:

A. TERMS AND CONDITIONS

1. Products Available Under this BPA.

The Software Products, Software Maintenance, Training and Consulting Services listed in Exhibits A-1 through A-12 (CLINs MYT-0001 – MYT-0245, (including all subCLINs)) comprise the most frequently ordered Oracle products being purchased as of the date of this BPA. The price discounts for the Mythics CLINs under this BPA are provided at Exhibits A-6.

Items included on the Mythics GSA Schedule contract and not listed specifically may be purchased at rates negotiated by the Ordering Office and Mythics under CLIN MYT-0196 entitled "Other Direct Costs-GSA Schedule". CLIN MYT-0196 is subject to the terms and conditions of this BPA and Mythics GSA Contract.

Ordering Officers may negotiate special solutions with Mythics under CLIN MYT-0197, as set forth in Exhibit A-7, and in accordance with the terms and conditions of the Mythics GSA Contract.

Software licenses purchased under this BPA shall be subject to the license terms of Mythics' GSA Contract, this BPA and the Order. However, the license terms in an order shall prevail over the applicable GSA Contract and this BPA.

2. Prevailing Terms and Conditions.

All orders placed against this BPA are subject to the terms and conditions of Mythics' GSA Schedule Contract as specified above. The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of the BPA and the applicable GSA Contract, the provisions of the BPA will take precedence.

3. Obligation of Funds.

This BPA does not obligate any funds. The Government is obligated only to the extent of authorized purchases actually made through orders issued under this BPA.

4. Effective Date and Duration of BPA.

This BPA is effective from the date of award through the effective period of the GSA Schedule GS-35F-0153M. Either APM-ASCP or the Contractor with ninety (90) days written notice may terminate the BPA or a portion thereof provided however, that such termination shall not effect the obligations of the Government or Mythics under any then existing delivery order or lease agreement. The then existing delivery order or lease agreement shall continue in full force and effect as though the BPA had not been terminated.

5. Ordering Period.

The ordering period for all items under this BPA is the same as the duration of the BPA set forth in paragraph 4, above.

6. Enterprise Licenses.

Under the Special Solutions CLIN MYT-0197, Agencies under any of the fifteen Executive Departments of the U.S. Federal Government, and Independent Establishments as defined in 5 U.S.C. 104 (1) ("Agency") may procure an Enterprise License which provides for the use of certain programs on an enterprise basis for an entire Agency's population of users, provided the programs are used only in support of the Agency's internal business operations. Specific program license bundles and pricing are shown in Exhibit B-1 through B-3: "Mythics SmartBUY Enterprise Licenses". An Agency's licensed population will be specifically defined in an ordering document prepared and agreed to by the contractor and the Agency. The salient features of the Oracle Enterprise License include:

- A. Product Coverage. The Enterprise License is available only for specific Oracle core technologies as identified in the product bundle options as defined in the above referenced Exhibits.
- B. License Population. The Enterprise License will be available only if an Agency wishes to license its entire population users, which must include employees and on-site contractors or off-site contractors accessing Agency owned or leased hardware and may only be used for the purposes of supporting the Agency's internal business operations. The population must be specifically defined in the ordering document agreed to by the contractor and the Agency. The Agency population must be identifiable by objective evidence, such as annual budgeting or appropriation documents.
- C. Annual Verification and True-Up. Each Oracle SmartBUY Enterprise License shall contain an annual true-up provision agreed to by the contractor and the Agency that provides for an annual adjustment of the licensed Agency Population. Such provision shall provide that on the first anniversary of the effective date of the enterprise license ordering document, and every anniversary date thereafter, the Agency shall be required to report to Oracle in writing the then current total number of users comprising the Agency Population metric (e.g., total employees and on-site support contractors), as specifically defined and set forth in the Ordering Document. If the report to Oracle identifies an increase in the users comprising the Agency Population compared to the licensed Agency Population (as originally established or as adjusted by a previous true-up), the Agency shall be required to place an order to account for the additional usage of the Enterprise License as well as to provide for additional Technical Support associated with the additional usage. This adjustment shall only be required when users comprising the Agency Population
 - (a) increased three percent (3%) or greater compared to the licensed Agency Population and the licensed Agency Population is less than 15,001;
 - (b) increased two percent (2%) or greater compared to the licensed Agency Population and the licensed Agency Population is between 15,001 to 99,999; or
 - (c) increased one percent (1%) or greater compared to the licensed Agency Population and the licensed Agency Population is greater than 99,999.If, on the annual anniversary date, there is no change or a decrease in the users comprising the Agency Population, no additional fees shall be due and the licensed Agency Population will remain unchanged. An Agency shall not be entitled to a refund, credit or other consideration of any kind in the event of a reduction in the number of users comprising the Agency Population.

Note: Unless specifically provided otherwise in the ordering document between the contractor and the Agency, all true-up and technical support renewals shall occur between Oracle and the Agency, even if the original ordering document was not directly with Oracle.

Note: If on any anniversary date, Agency elects not to certify, update the Enterprise License, or provide payment (if appropriate), upon Oracle's prior written notice to Agency, the Enterprise License shall revert to Oracle's standard license metrics; any such reversion shall be in accordance with Oracle's standard migration policies and license metrics in effect at the time. In no event shall Agency be entitled to any refund or other consideration, nor shall Agency be relieved of any obligation to pay for technical support Agency may have ordered, should Agency cause such reversion under this provision. If Agency is not current on technical support for the Enterprise License at the time this clause is invoked, Agency shall be required to pay appropriate fees for lapsed support pursuant to Oracle's standard policy in order to purchase technical support for the licenses resulting from this provision. This provision shall not require Mythics or Oracle to deliver any programs nor entitle Agency to any program updates.

- D. Support Cap: Enterprise Licenses acquired under this BPA will have a 0% support cap for the initial three annual support renewals.
- E. Assignment of Enterprise Licenses: In the event an Agency that has purchased an Enterprise License under this BPA ("licensed Agency") is re-organized or restructured such that its responsibilities and operations are transferred to another Agency, such licensed Agency shall have the right to assign effected program licenses to a successor. Such assignment shall only be effective if: (1) the licensed Agency provides advance written notice to Oracle; (2) the licensed Agency has continuously maintained Software Update License & Support; and, (3) the licensed Agency and the successor Agency agree to be bound in writing to appropriate modifications and/or ordering documents as mutually agreed by the parties to effectuate the assignment.
- F. Surge Usage for National Defense. Where appropriate, subject to mutual agreement, DoD and Agencies directly supporting national security efforts may be provided surge usage in the event of a war or national mobilization. The following language may be included in the ordering document, subject to contractor's agreement:
- "In the event of a declaration of war or national mobilization, for a period of time no greater than twelve months, there shall be no limit on the number of licenses for the Programs for temporary use by the 'ordering Activity' to support its operations. This temporary use is only for Programs licensed on this Ordering Document."
- G. Migration: Agencies shall migrate programs previously licensed into the Enterprise License pursuant to Oracle's then current migration policies, to the extent the Agency is up to date on technical support. At the time of migration of such program licenses, it will be necessary for the contracting officer to agree to terminate the migrated licenses and to provide the contractor written assurance in the ordering document indicating that the Agency is authorized to enter into the migration option with respect to the terminated licenses. Except for credit provided under Oracle's then current migration policy, Customer shall not be entitled to any refund or other consideration should Customer elect to migrate to the Enterprise License.
- H. Open Market. Mythics does not maintain an Oracle Enterprise License metric on its GSA Schedule Contract; however, software programs in the bundles in Exhibit B – 1 Through B-3, which are being made available under this BPA, are on Mythics' GSA Schedule Contract. Any programs not on Mythics' underlying GSA Schedule must be identified as open market items at the time of order placement.

7. Pricing.

The unit prices and rates for this BPA shall be based on Mythics' GSA Contract pricing currently in effect at the

time the order is placed.

The base price offered by Mythics under this contract for any software product under a lease or special solution shall not exceed the price of that software available on this BPA. The terms of the lease shall be at least as good as the rates provided in Mythics' GSA schedule.

Mythics agrees that in no case shall the prices specified in this BPA be more than the prices reflected in Mythics' GSA Contract for identical products and first year technical support services. No less than quarterly, Mythics shall propose to adjust its BPA CLIN prices to reflect price adjustments made during the previous quarterly period under its GSA Contract for the identical products and first year technical support services.

8. Discount Structure.

- A. Software Licenses and First Year Software Maintenance Services. The single order software license and first year support dollar amount will be used to determine the applicable percentage discount. See Exhibit A-6 titled "Mythics Inc. Software License and First Year Support for E-Business discount Table" for Order Levels and related discounts. Software and first year software maintenance (if ordered at the same time with the associated software license) will receive the same percentage discount level. Software support fees included with a software license order and any applicable credits will not be included in the determination of the software license discount.
- B. Professional Services. The percentage discount to be applied to Professional Services, will be based on the total Single Order Amount as shown in Exhibit A-12, "Mythics Professional Services". Professional Services can be performed under a Firm Fixed Price or a Time and Material basis.
- C. On-Site Technical Support Services. The percentage discount to be applied to On-Site Technical Support Services will be based on the total Single Order Amount as shown in Exhibit A-9, "Mythics On-Site Technical Support Services".

9. Voluntary Price Reductions and Special Orders.

Mythics can voluntarily reduce prices and labor rates at any time by giving 24-hour advance notice (via FAX or E-mail) to the BPA Contracting Officer and the U.S. Army Small Computer Product Manager. In addition, Mythics may negotiate special discounts for specific orders for their respective CLINs. These special discounts shall be negotiated under CLIN MYT-0197, Special Solutions.

10. Media.

When electronic delivery is required, Mythics shall deliver the following Internet URL: <http://edelivery.oracle.com> to Ordering Activity through which Ordering Activity can access and download all of the software programs and program documentation for each program specified in the Ordering Document for such programs available in production release as of the effective date of the relevant Ordering Document. Please be advised that not all programs are available on all platforms. For current program availability please check the electronic delivery web site. Provided Ordering Activity continuously maintains Software Update License & Support, Ordering Activity may continue to download the software programs for the licensed programs under this ordering document at the electronic delivery web site and/or order CD packs through the Oracle Store at the standard CD pack price. The Ordering Activity shall be responsible for installation of the licensed Programs regardless of the method of delivery.

Delivery, if required in tangible form, shall be made as negotiated between the Ordering Activity and Mythics. Such tangible delivery includes a media shipment (in object code form as a set of CD Packs) for no additional charge. Additional CD Packs may be ordered with the Program Licenses ordered for an additional charge. Where tangible delivery is required, Mythics shall deliver to the address specified by Ordering Activity.

The delivery requirement, destination and delivery date shall be specified in each order.

Applications and/or Tools Programs may also include any source code that Oracle provides as part of its standard delivery of such Programs. This code shall be governed by the terms of this BPA, the Schedule and the relevant Ordering Document.

11. Audits.

Unless expressly provided otherwise in an individual order, Licensee shall perform an internal audit annually and will use its best efforts to keep full and accurate accounts that may be used to properly ascertain and verify numbers of licenses in use. The Licensee will furnish Oracle with a signed certification that the programs are being used pursuant to the provisions of the order including but not limited to the license quantities, or Licensee shall permit Oracle to have access to Licensee records and computer systems and the right to audit such systems to insure software use is in accordance with its license terms. All Oracle personnel must have appropriate security clearances to gain access to Licensee site or data, if required.

12. Maintenance.

- A. Annual Technical Support for Programs is provided under Oracle's Technical Support policies, which are in effect on the date Technical Support services are ordered. The current version of the technical support policies may be accessed at <http://oracle.com/contracts>. Oracle's Technical Support policies are subject to change at Oracle's discretion; however, Oracle will maintain a materially equivalent level of services provided for supported programs during the period for which fees for technical support have been paid. Technical Support consists of Software Updates and Product Support. Software Updates provides an Ordering Activity with rights to new Oracle releases including product upgrades, maintenance releases and patches. Product Support is a 24x7 technical support service that provides direct access to Oracle experts for product-specific questions about installing and operating Oracle software via telephone or web access. Software Update License & Support is a single component Technical Support offering.
- B. Oracle will provide twelve months notice prior to de-supporting any product acquired under this BPA through Oracle's support website or through other means.
- C. If Oracle reduces or replaces the functionality contained in the licensed products ("Licensed Product"), and provides this functionality as a separate or renamed product ("Product") at no additional cost to customers currently under Oracle technical support for the Licensed Product, then an ordering Activity shall be entitled to the license of such Product which is generally available in production release at no additional license or maintenance fee, provided that such ordering Activity is under then current Oracle technical support for that Licensed Product, and subject to the terms and agreements of the applicable license agreement.

13. Limitation of Liability.

IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES, NOR DAMAGES FOR LOSS OF PROFITS, REVENUE, DATA, OR USE, INCURRED BY EITHER PARTY OR ANY THIRD PARTY, WHETHER IN AN ACTION IN CONTRACT OR TORT, EVEN IF THE OTHER PARTY OR ANY OTHER PERSON HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. MYTHICS' LIABILITY FOR DAMAGES HEREUNDER SHALL IN NO EVENT EXCEED THE AMOUNT OF FEES PAID BY CUSTOMER UNDER THE ORDERING DOCUMENT, AND IF SUCH DAMAGES RESULT FROM CUSTOMER'S USE OF THE PROGRAM OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO FEES PAID FOR THE RELEVANT PROGRAM OR SERVICES GIVING RISE TO THE LIABILITY, PRORATED OVER A FIVE-YEAR TERM FROM THE DELIVERY DATE OF THE APPLICABLE LICENSE OR THE DATE OF PERFORMANCE OF THE APPLICABLE SERVICES.

14. Reporting and Payment of Fees.

As a result of this BPA, Mythics shall be responsible for the following:

1. Reporting:
 - a. Submittal of ASCP Deliverable reports to Army Small Computer Program, on a quarterly basis (see Exhibit C).
 - b. Accuracy of ASCP report data

Results of these audits will be presented as an agenda item during PMRs.

The VITM may be accessed at www.VITM.gov.

FEES AND PAYMENTS –revised by ESI 12-14-2010

- 1. GSA Industrial Funding Fee (IFF).** The BPA unit prices include the applicable GSA IFF. The contractor shall be responsible for all required filings to GSA and for payment of this fee in accordance with applicable GSA instructions.
- 2. Acquisition, Contracting, and Technical (ACT) Fee.** The cost of awarding, administering and managing this BPA is included in the prices charged to ordering activities. The ACT fee is 2%. The contractor shall remit the ACT fee on a calendar quarterly basis (i.e. January – March, April – June, July – September, and October – December) or as otherwise requested by the Software Product Manager (SPM). Payment is due thirty (30) days following approval of the Report of Sales for the completed quarter. ACT fees that have not been paid within the prescribed thirty (30) days shall be considered a debt to the United States Government under the terms of FAR 32.6. The Government may exercise all its rights under the contract, including withholding or setting off payments and interest on the debt (see contract FAR clause 52.232-17, Interest). Failure of the Contractor to pay the ACT Fee in a timely manner may result in termination of the BPA.

3. Fee Distribution. The Army, Air Force, DLA, DISA and Navy are participating in a fee-sharing program. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Army, Air Force, DLA, DISA, Navy or DOD as appropriate. Marine Corps sales are reported under the Navy designation. Fee checks shall not be issued until written approval is received for the Report of Sales.

(For a SmartBUY agreement, use the following: The Air Force, Army, DLA, DISA, Navy and GSA (for SmartBUY Federal government Civilian Agency orders) are participating in an ACT fee-sharing program. For orders within DoD, the 2% ACT fee is split equally between the DoD Component whose customer places the order and the Component that manages the contract. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. ACT fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Air Force, Army, DLA, DISA, Navy, DoD or Non-DoD as appropriate. In the case of SmartBUY orders (Federal Government Civilian Agencies) non-DoD orders and non DoD support contractor orders, excluding the Intelligence Community and non Coast Guard orders or support vendors to same, the 2% ACT fee is split equally between the Agency that manages the contract and GSA SmartBUY Program Management Office.)

(Enter Service fee sharing arrangement here. If the vendor is collecting fees under a separate CLIN it should be addressed here. See Navy examples below at 3.1 through 3.4)

3.1 ALL SALES:

The 2% ACT fee is split equally between the DoD Component whose customer places the order and the DoD Component that manages the ESI agreement. For example, an Air Force order issued against an ESI agreement managed by the Navy results in one half (or 1%) of the 2% fee being returned to the Air Force acquisition organization (listed under Air Force Sales). The Navy will retain the entire 2% fee under orders issued for Navy activities or those activities that do not collect a fee under the ESI agreements managed by the Navy. The contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The amount of ACT Fee due the Navy shall be calculated at 1% for Army sales, 1% for Air Force sales, 1% for DLA sales, 1% for DISA sales and 2% for all other sales.

ASCP
Contract Management
Deliverables
For
ESI Contracts

1. General Information (applies to all reports)

1.1 ASCP Manages Data by Contract:

- a. Reports must be submitted and managed by contract. Vendors with more than one contract with ASCP must maintain contract data integrity by submitting and managing separate reports for each contract. ASCP will not accept mixed contract data submitted in the same report.

1.2 Online FAQ / Tutorial:

- a. Click on the following link for an online FAQ / Tutorial:
- b. https://ascp.monmouth.army.mil/files/ascp_cd.pps (Requires Power Point)

1.3 Report Format:

- a. Tab Delimited Variable (.tab). The file shall have text only. No formatting, "hard line returns", embedded special characters, or word wrapping within a column.
- b. All reports must have complete column headings in the first line.

1.4 Report Delivery:

- a. All reports shall be emailed as attachments to amse1-dsa-scp-cr@mail1.monmouth.army.mil
- b. Please compress/zip large files. The file extension .zip cannot be used. Rename .zip files to .xxx.

1.5 Reports are due:

- a. In accordance with this document as indicated for each report.

1.6 Rejection of reports:

- a. Vendor reports will be loaded via an automated process; therefore ASCP reserves the right to reject reports submitted by the vendor if required information is missing or if the file is unusable due to formatting issues. Report submissions must meet the formatting guidelines in this document. Each report will be checked by ASCP for content as well as formatting. If ASCP rejects a report, the report will be returned to the vendor with explanations identifying the problem(s).
- b. The vendor must make the necessary corrections and resubmit the report in its entirety within three (3) business days from the day the report was returned.
- c. The online FAQ / Tutorial provides examples of common rejection reasons.

1.7 Revised Reports:

- a. Revised reports must be submitted as a complete file (i.e. make changes/corrections to the original file and resubmit the entire file, not just what was changed).
- b. The file name format when submitting revised files must follow the file name format stipulated for each report (Order Transaction, Product Attributes, Fee for Service) with the addition of (Rev) immediately preceding the file extension .tab. For example, the first revision of an OT report would be named Contractnumber_OT_yyyy_mm_dd_cum-1(Rev1).tab. Subsequent revisions to the same file should indicate the revision number (e.g. Rev2, Rev3, etc).

1.8 File Names:

- a. File names must not exceed 50 characters. The date in the file name should be the submission date and should not indicate the end or start dates of data within the report.

2. Order Transaction (OT) report

- a. The OT report provides sales data that populates the ASCP database. This data is used to calculate sales against the contract and provides visibility into the quantity and types of products sold on the contract.
- b. OT reports shall be submitted quarterly. OT reports are due within 15 calendar days of each quarterly reporting period.
- c. The OT report is cumulative in nature. **Each report shall include all transactions** (i.e., Credit Card and Paper Orders) from contract inception up to the end of the month preceding the submission date of the file.
- d. A **negative report** for OT is required to inform ASCP that there have been no sales to date on this contract. A file is still required with the following column entries mandatory:
 - Column labeled "Contract Number"
 - Column labeled "Vendor Reported Total of this file" (entry is 0.00)
 - Column labeled "Contract Sales to Date" (entry is 0.00)
 - Column labeled "File Name"
- e. The file name format for the OT report is: ContractNumber_OT_yyyy_mm_dd_cum-1.tab. A mutually agreeable cut-off date for the cum-1 report will be determined. New cumulative files shall only contain data not already reported in prior cumulative files (e.g. cum-1). Subsequent files shall be named ContractNumber_OT_yyyy_mm_dd_cum-2.tab, cum-3, cum-4, and so on.
- f. The dollar amount reflected in column labeled "Dollar amount of Transaction" must match the total transaction value.
- g. Column labeled "Date of Transaction" must reflect the effective date of the order. For example: block 3 of the SF 1449. For credit card orders, the date shall reflect the date the order is entered into the contractor's system.
- h. Entries for column labeled "Country" must come from the ASCP "Country List" found at <https://ascp.monmouth.army.mil/scp/content/countrylist.jsp>.
- i. Entries for columns labeled "Service or Agency" and "Army Activity" must come from the ASCP "Service/Agency" and "Army Activities" lists found at <https://ascp.monmouth.army.mil/scp/content/activitylist.jsp>.
- j. Column labeled UNSPSC" must contain a United Nations Products and Services Code (UNSPSC) for each CLIN. Sample UNSPSC codes are shown below. UNSPSCs for other products in ECCMA format can be found at <http://www.eccma.org/new/>

Sample UNSPSC Codes are below.

NOTE: Please use the latest UNSPSC codes from ECCMA (For ESI Contracts, the applicable codes would be Software and Services).

<u>Equipment</u>	<u>UNSPSC in ECCMA Format</u>
Server 32-bit	43.21.15.01.00 (Computer Servers)
Server 64-bit	43.21.15.02.00 (High end Computer Servers)
Workstation	43.21.15.07.00 (Desktop Computers)
Desktop PC	43.21.15.08.00 (Personal Computers)
Notebook	43.21.15.03.00 (Notebook Computers)
Thin Client	43.21.15.06.00 (Thin Client Computers)
Storage	43.20.22.06.00 (Storage drive or input device)
Network Products	
(Routers/Switches)	43.22.26.00.00 (Network Service Equip)
Printers	43.21.21.00.00 (Computer Printers)

Software 43.23.00.00.00 (Software)
 Services 81.11.00.00.00

k.. Equipment ancillary items, such as internal disk drives, memory modules, etc. sold as separate line items should be coded with the UNSPSC for that specific item, NOT with the UNSPSC for the equipment item with which they are related (i.e server, workstation, etc.)

l. If a CLIN contains a mixture of items shown above the UNSPSC for that CLIN should identify the dominant items or that best describes the solution provided under the CLIN.

m. REPORTING INSTRUCTIONS FOR "SPECIAL SOLUTIONS" CLIN(S):

Special Solutions orders are generally comprised of a mixture of software products/services and are priced at the top level. The following example illustrates the correct format for reporting Special Solutions orders on the OT report. Example is based on a \$5,000,000 "Special Solutions" order that is made up of 3 different software products.

CLIN#	ITEM DESCRIPTION	CLIN QUANTIT Y	CLIN U/P	CLIN EXTENDED U/P	DOLLAR AMT OF TRANSACTION
1003	Oracle "Special Solutions"	1	5,000,000.00	5,000,000.00	5,000,000.00
ORA-123	Software Product #1	5	0.00	0.00	5,000,000.00
ORA-124	Software Product #2	2	0.00	0.00	5,000,000.00
ORA-125	Software Product #3	10	0.00	0.00	5,000,000.00

The BPA CLIN number(s) for the product(s) that comprise the "Special Solutions" order must appear in the CLIN column. Quantity must be specified also. Enter CLIN Unit Price and Extended Unit Price as 0.00 (Special Solutions orders are priced at the top level). Repeat Dollar Amount of Transaction for all items in the order.

MIGRATIONS: Use the Special Solutions CLIN to report migrations. In the Item Description column, enter "(Vendor) Special Solutions - Migration". For CLIN Quantity, enter 1. CLIN Unit Price and CLIN Extended Unit Price should be the same. Dollar amount of transaction is the CLIN Extended Unit Price plus the ACT Fee.

n. Since the OT report is cumulative, vendors may correct previously reported information in subsequent reports (see Section 1. General Information, Revised Reports) such as:

- o Removing a cancelled order or an order/mod previously reported in error.
- o Correcting dollar amounts previously reported by an order/mod.
- o Correcting items ordered previously reported for an order/mod.

3. Product Attribute (PA) report

- a. The PA report is a representative sampling of products that are contained in the contractor's catalog. Products identified in the PA report determine the level of customer visibility of the contractor's products on the ASCP web site.
- b. The file name format for the PA report is Contractnumber_PA_yyyy_mm_dd.tab
- c. Product Attributes (PA) are required for Servers, Thin Clients and Storage.
- d. The PA report/file must be a full replacement. ASCP will replace the vendors existing PA file with the most recent submission. Partial updates are not permitted.
- e. Product Attribute reports are due, no later than 10 days from when:
 - o Catalog products have changed or
 - o New products are added to the catalog
- f. Each item in the PA file should provide, in column labeled "Description", an easy to understand description of the product.
- g. Each item in the PA file must have a unique item number which must be consistent throughout the lifecycle of that item.
- h. Items with prices of \$0.00 will automatically default to "RFQ required" regardless of what is entered in column labeled "Item Type".
- i. UNSPSC codes for column labeled "UNSPSC" can be found at <http://www.eccma.org/new>. Please also refer to the sample UNSPSC codes under section 2 (Order Transaction (OT) Report).

4. Fee for Service (FFS) Report

- a. This report applies to applicable ESI Agreements only.
- b. FFS Report is due to ASCP **the 30th calendar day after each calendar quarter** (Example: FFS Report for the period 1 January thru 31 March is due by 30 April)
- c. The data reported is for that reporting period only (not a cumulative listing).
- d. If no payments were received during the previous quarter, a negative report is required.
- e. This report must be submitted as a Microsoft Excel spreadsheet, to amsel-dsa-scp-cr@mail1.monmouth.army.mil, with a copy furnished to the cognizant ASCP Product Leader.
- f. No extra spaces, commas or ampersands allowed in this spreadsheet. Dashes are allowed. File name must be in the following format: Contract Number/Calendar Quarter/Calendar Year (Example: W91QUZ-07-A-1234 1Q2007)
- g. Vendor must ensure that leading zeros are not dropped. For example, order number 0030 should not appear on the report as 30.
- h. **SPECIAL NOTE TO VENDORS:** All reports are cross-referenced for reconciliation and therefore, data must be consistent in all reports submitted (i.e., order number, dates, dollar amounts, etc.).
