2. Other non-security markings such as "Limited Official Use" and "Official Use Only" are used by non-DOD User Agencies for the same type of information and should be safeguarded and handled in accordance with instructions received from such agencies.

3. Use of the above markings does not mean that the information cannot be released to the public, only that it must be reviewed by the Government prior to its release, to determine whether a significant and legitimate Government purpose is served by withholding the information portions of it.

4. IDENTIFICATION MARKINGS:

a. An unclassified document containing FOUO information will be marked "For Official Use Only" at the bottom of the front cover (if any), on the first page, on each page containing FOUO information, on the back page, and on the outside of the back cover (if any). No portion marking will be shown.

b. Within a classified document, an individual page that contains FOUO and classified information will be marked at the top and bottom with the highest security classification appearing on the page. UNAUTHORIZED DISCLOSURE: Unauthorized disclosure of "FOR OFFICIAL USE ONLY" information does not constitute a security violation but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions.
